Financing of additional activities within the Tenure Track Pilot Programme – Proposal Evaluation Form

Project code:			
Project title:			
Principal Investigator:			
Requested funds:			
Please mark each criterion below	w on the basis	s of the provided sub-criteria	a.
1. Can the proposed activities overall?	s provide add	ded value to the success of	the Project
1.1. Can the proposed activities enhance the quality of the project and performance of the research group?			YES/NO
1.2. Do the proposed activities create new, or enhance existing, collaborations of the PI?			YES/NO
1.3. Are the activities new, i.e. not mere supplements to existing activities?			YES/NO
Overall mark for Criterion 1:	□YES	□PARTIALLY □N	NO
2. Are the proposed activities	feasible?		
2.1. Are the proposed activities suitable for the type of project and scientific discipline concerned?			YES/NO
2.2. Are the activities evenly spread throughout the implementation period?			YES/NO
2.3. Considering the addition of new activities and the project implementation period, is the Work Plan of the whole project now viable?			YES/NO
2.4. Are there any risks for the implementation of the proposed activities arising from the COVID-19 pandemic? (1 = high risk, 5 = low risk)			YES/NO
2.5. If yes, how high is the risk restriction still be possible if certain restriction pandemic were in place)?		•	HIGH RISK/ LOW RISK
Overall mark for Criterion 2:	□YES	□PARTIALLY □N	NO
3. Are the costs of the propos	sed activities	reasonable?	
3.1. Do the requested funds realistically reflect the required research needs? Are they appropriate?			YES/NO
3.2. Do the proposed activities reflect only eligible costs?			YES/NO
Overall mark for Criterion 3:	□YES	□PARTIALLY □N	NO

Financing of additional activities within the Tenure Track Pilot Programme – Proposal Evaluation Form

FINAL RECOMMENDATION:

- A The proposed activities meet the criteria above and I recommend that it be financed
- B The proposed activities meet some of the criteria above, but they require substantial amendments

Please provide comments to Steering Committee and Principal Investigator. Please be as detailed as possible

(e.g. Are there alternative activities or additional elements of proposed activities that could be proposed to add even more value to the project; information that the PI omitted; errors in financial estimates etc.)
