* During the implementation of the project, prior to the introduction of the EUR as the primary currency in Croatia, amounts expressed in HRK were converted to CHF using the Croatian National Bank's (CNB) middle exchange rate on the date of the project contract signing (Class: 910-04/17-01/6, Reg. No: 538-17-99), signed between the Swiss Agency for Development and Cooperation and the Ministry of Regional Development and EU Funds on July 10, 2017. Following the introduction of the EUR as the primary currency of Croatia on January 1, 2023, to maintain exchange rate accuracy, amounts were calculated based on the conversion rates of EUR and CHF, in accordance with Article 4 of the Agreement and the division of duties and responsibilities related to the monitoring and financing in the implementation of the "Croatian-Swiss Research Programme," in the part of the implementation concerning the fulfillment of obligations by the Republic of Croatia (Reg. No U-1058-2018).

The Project Management's policy is to prepare the attached financial statements on a cash receipts and disbursements basis in accordance with the International Public Sector Accounting Standards issued by the International Federation of Accountants' Public Sector Committee. On this basis, cash receipts are recognized when received and cash disbursements are recognized when paid, not when they are incurred.
